

Alliance *for* Proton Therapy Access

How to Participate in the #ProtectProtonAccess Campaign

We're excited for you to join us in creating positive buzz for proton therapy by sharing your experience with the larger cancer community.

Ready to join us? Here's how you can participate:

1. Take a photo -- either solo or with loved ones or proton center staff -- holding your personalized milestone card.
2. Before you post, add a short personal message about your proton therapy experience.
3. Add the hashtag **#ProtectProtonAccess**, which will add your post to a larger cancer conversation within social media sites.
4. Tag the Alliance and your proton center's social media accounts in your post. Here's how to find us:
 - o Twitter: @PTAccess4All
 - o Facebook: @AllianceforProtonTherapyAccess
5. Share your #ProtectProtonAccess photo on social media (Facebook, Twitter, and/or Instagram all work).
